Source: Ontario Ministry of Colleges and Universities (MCU)

Notes:

1. This table includes all students who were eligible for financial aid OSAP, NOT only university students.
2. The number of Ontario and Canada student loan recipients should not be added together as this will result in double counting of the total number of loan recipients. In most cases, a student who receives a Canada Student Loan will also receive an Ontario Student Loan.
3. Canada and Ontario student loan data reported as of September of the following year (i.e. for 2015-16 numbers reported as of September 2016).
4. Ontario Student Opportunity Grant (OSOG) budgeted amounts represent the amount of funding that the ministry budgeted for OSOG payments in respect of loans issued in the academic year identified. Students have up to six years to access OSOG entitlements depending on when students and expected contributors' income is verified by the Canada Revenue Agency. OSOG amounts are flowed upon completion of income verification.
5. From 2000-2001 and onwards, loan forgiveness was not available on new loans issued to students, and therefore did not affect repayable loan amounts for these years.
