Notes:

1. This table includes all students who were eligible for financial aid OSAP, NOT only university students.
2. The Debt Reduction in Repayment program was introduced in 2004-05.
3. In 2010-11, Ontario aligned with the federal government's Repayment Assistance Plan (RAP) program. RAP Phase 1 interest relief replaced the former Interest Relief Program and Debt Reduction in Repayment programs.
4. The methodology to determine the number of RAP recipients for Interest Relief and Debt Reduction is currently being reviewed; these numbers are subject to change.
